

MONROVIA®

Since 1926

Evolution™ Coneflower

Echinacea

LARGE, INTENSELY COLORFUL BLOSSOMS AND A TIDIER HABIT MAKE THESE CONEFLOWERS IDEAL FOR SUMMER AND FALL CONTAINERS, BEDS, AND BORDERS.

Easy-to-grow perennials bloom late spring through autumn.

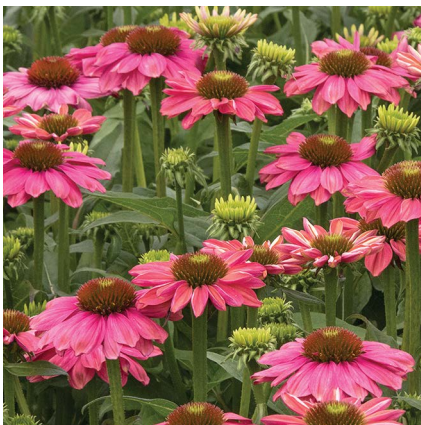

Lush foliage and sturdy stems create a beautiful backdrop for other plants.

Sails through summer heat and drought.

Long-lasting flowers in the landscape and in bouquets.

Favorites of bees, butterflies, and other pollinators.

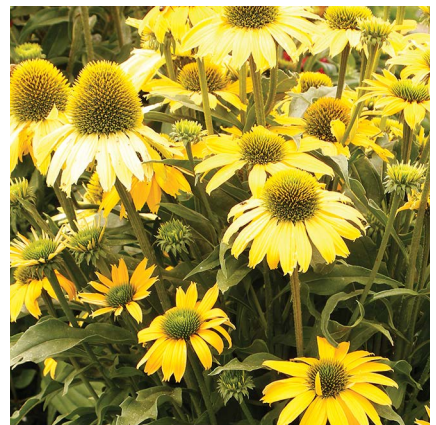

Five brilliant color varieties.
